**BRIEF BIOGRAPHY**

**Dr. Marcia Greenleaf is a Health Psychologist on the Medical Staff at Lenox Hill Hospital and in private practice in New York City. She is the past Director of Human Support at the Hospital of the Albert Einstein College of Medicine and past Director of Training in Medical Hypnosis at the Albert Einstein College of Medicine, a program she pioneered for medical students, psychiatric residents and health psychologists. She is the Clinical Director of a post-treatment care program for children with brain tumors, funded by the Making Headway Foundation.**

**Dr. Greenleaf is a recipient of has received the Milton H. Erickson Award for Excellence in Scientific Writing and a National Service Research Award from the National Cancer Institute to develop and evaluate programs to meet the psychological needs of women with breast cancer at the Evelyn H. Lauder Breast Cancer Center, Memorial Sloan-Kettering. From 1994 -2001, she served as a Clinical Editor of The American Journal of Clinical Hypnosis.**

**Dr. Greenleaf's specialties are: medical hypnosis; psycho-oncology; the psychology of health, healing and well being, crisis intervention, stress in interpersonal relationships and in the work place, and coping with all aspects of physical illness and hospitalization.**

**She has published chapters and articles in Psychiatric Medicine, The American Journal of Clinical Hypnosis, Hematologic and Oncologic Emergencies, Comprehensive Textbook of Psychiatry, and Child and Adolescent Psychiatric Clinics of North America, as well as articles for the public on stress management for well being.**

**In private practice, Dr. Greenleaf specializes in identifying life style profiles, creating psychological road-maps, counseling & coaching for life-style problems, stress management and medical hypnosis to teach people of all ages to make mind-body connections to meet personal and professional goals. Sponsored by the Making Headway Foundation, she is a clinical consultant to the Ongoing Care Team and to provide individual counseling for parents and children coping with brain and spinal cord tumors.**
